### Ram's Gate Winery, USA

This new destination on the Californian wine trail is the brainchild of vintners Jeff O'Neill and Jeff Gaffner. Located in Sonoma, Ram's Gate Winery's tasting room, private dining areas and wine library are housed in an upscale barn with 30ft-high ceilings, designed by local architect Howard Backen. Marble counter tops, Foscarini chandeliers and bespoke furniture by interior designer Orlando Diaz-Azcuy sharpen the look. Meanwhile, to complement the wines, chef Jason Rose has devised a light menu incorporating the simple and bright flavours of the region.
